

TUFNYL – Polyamide (Nylon 6 & Nylon 6,6)

TUFNYL is our brand of high performance Polyamide 6 & Polyamide 6,6 material, is one of the most valuable engineering plastics, particularly for application requiring high mechanical properties, along with chemical and temperature. resistance, plus an excellent finish. Polyamide is often the answer for designer seeking weight savings, functional integration, design freedom and cost reduction.

Automotive/ Transportation	Four Wheeler	Auto air & fuel	Air ducts
		Auto Engine	Engine Cover Radiator inlet outlet Radiator Joint Oil filter cap,air filter caps
		Auto Transmission	Gear Housing
		Auto Engine Cooling	Fan Fan Shroud
		Auto Exterior	Bumper Shock absorber. Door handle Mirror Housing Roofrack,tank lid Wheel cap
		Auto Interior	Window lift gear housing Interior parts,mirror,door handles, Sunvisor clip Cup Hoder, Ash Tray Interior seating
		Auto Lighting	Combination Switch Lamp holder Lamp socket
		Auto safety components	Seatbelt Components Seatbelt pre-tensioner
	Two Wheeler	Exterior	Rear grip
		Electrical	Switch Housing
		Exterior	Knob Switch
		Exterior	Throttle Grip
		Exterior	Spark Plug Cap
		Exterior	Connectors
		Exterior	CDI Case
Exterior		Fuse Cover	
Engine		Crankshaft Cover	
Exterior		Foot Rest	
Exterior		Fender	
Engine		Air Inlet	
Engine	Engine Shroud in-let		
Exterior	Oil gauge		
Exterior	Protector Muffler		
Off the road Vehicle	Exterior	Wrapper Grill Panel / Fan / Fan	
Housing	Housing	Window Latch Cuttlery	
Electrical & Electronics	Electronics	Compressor muffler compressor housing	
	Electrical components	PCB Connectors Bobbins Industrial Connector (CEE) Terminal Block RCCB MCB MCCB RCD Isolator	
Wire & Cable	Cables Jacketing		
Furniture ,Structural & Mechanical	Furniture	Trolley wheels Public seating Structural Chair arms,chair base	
	Mechanical parts	Cable ties Industrial impeller	
Tube & Hoses	Tubings		
Power & Hand Tools	Powertool handle, Tile Cutter		
Others	Suitcase wheels, handle
