

Fluorochemicals: Product Applications & Packaging

Brands (if applicable)	Products	Applications	Industry (our product is catering to)	Packagings					
FLORON	HCFC-22	Room air conditioners	-Airconditioning and refrigeration -Pharmaceutical -Polymers						
		Commercial and industrial refrigeration units							
	HFC-134a	Refrigerators	-Automobiles -Airconditioning and refrigeration -polyurethane (foam blowing) -Pharmaceuticals industry						
		Automobiles							
		Chillers							
HFC-410A	Residential airconditioning	-Airconditioning				Image will be available soon			
	Commercial airconditioning								
HFC-404A	Commercial Refrigeration	-Airconditioning and refrigeration -Automobiles				Image will be available soon			
	Transport Refrigeration								
HFC-407C	Industrial Refrigeration	-Airconditioning and refrigeration				Image will be available soon			
	Residential Airconditioners								
	Light Commercial Airconditioners								
No Brand	Trichloroethylene	Metal de-greasing	-Automobile components -Aviation, -Railroad industries -PU soles -Refrigerants						
		Feedstock in manufacture of HFC 134a							
	Perchloroethylene	Metal de-greasing	-Dry cleaning, -Mechanical engineering, instrument -Medical disposables and instruments, -Textile and woodworking, -Paint Industry -Foundry chemicals -Antibacterials						
		Dry cleaning							
		Feedstock in manufacture of HFC 125							
Methylene Chloride	Feedstock in manufacture of anti-bacterial - Triclosan	-Pharmaceutical -Agrochemicals -Pharmaceutical -Refrigerant							
	Paint strippers/ spot removers								
Chloroform	Feedstock in manufacture of de-gassing agent - Hexachloroethane								
Carbon Tetrachloride	Solvent in Pharmaceutical industry								
	Feedstock in agrochemical industry	-Agrochemicals
