

Commitment to "No Go" in World Heritage Properties Policy

1. Purpose

This policy establishes SRF Altech Ltd.'s commitment to avoiding exploration, development, or major changes in World Heritage Properties and ensuring that existing operations are compatible with the outstanding universal value of these properties.

2. Scope

This policy applies to all facilities and operations of SRF Altech Ltd., including existing and future projects adjacent to World Heritage Properties.

3. Core Principles

No Exploration or Development: Prohibit exploration, development, or major changes in World Heritage Properties.
Protection of Outstanding Universal Value: Ensure that operations in or near World Heritage Properties do not compromise their outstanding universal value and integrity.

4. Policy Guidelines

4.1 Prohibition of Activities

No New Projects or Major Changes:

World Heritage Properties: SRF Altech Ltd. will not undertake exploration, development, or major changes within World Heritage Properties.

Impact Assessment: For any new projects or major changes, an Impact Assessment should be conducted to ensure activities do not negatively impact World Heritage Properties.

4.2 Existing and Adjacent Operations

Compatibility with Outstanding Universal Value:

Existing Operations: Take all necessary measures to ensure that existing operations within World Heritage Properties do not undermine their outstanding universal value or integrity.

Operations Adjacent to World Heritage Properties: Ensure that operations adjacent to World Heritage Properties are managed in a way that does not compromise the properties' values or integrity.

4.3 Review and Monitoring

World Heritage List and Tentative Lists:

Ongoing Review: Regularly review the World Heritage List, Tentative Lists, and World Heritage List Nominations to identify any potential impacts of existing or planned activities on these properties.

Preventative Measures: Implement preventative measures for any operations that may impact potential World Heritage Properties.

5. Documentation and Integration

5.1 Policy Documentation

Internal Policy: Develop and maintain documentation that explicitly prohibits exploration or development of New Projects within World Heritage Properties.

Impact Assessments: Document Impact Assessments for any proposed New Projects or Major Changes to ensure compatibility with World Heritage Properties.

5.2 Integration

Policy Integration: Integrate this policy with other environmental and social management systems to ensure comprehensive protection of World Heritage Properties.

6. Application

6.1 Facilities

Applicability: This policy applies to all facilities and operations of SRF Altech Ltd.

6.2 Not Applicable

Exemptions: This policy is not applicable if no World Heritage Properties are identified in the area of operation.

7. Review and Continuous Improvement

7.1 Policy Review

Periodic Review: Review this policy at least every five years to ensure its effectiveness and relevance.

Continuous Improvement: SRF Altech Ltd. is committed to continuously improving practices to protect World Heritage Properties based on new information and feedback.

Approved By,

Site Head, SRF Altech Limited.
